

Healing with Water

Sydney Seminar
Hills Lodge, Castle Hill

WEDNESDAY
MARCH 21st
7pm - 9pm

Along with light, minerals & biology, WATER is essential for life & health
To support good health we require water the way nature intended
Healing water does NOT come from your kitchen tap!

Did you know that the human adult body by weight is more than 70% water? Blood is 92% water; the brain and heart are composed of 73% water, & the lungs are about 83% water. Our skin contains 64% water; muscles & kidneys are 79%, even the bones are watery at 31%!!

In this special Sydney Seminar Robert Gourlay, Chief Scientist, Managing Director & Co-Founder of **Phi'on** products and services will help you understand the importance of water from a cellular level to a planetary scale. Find out **why the water you consume can make or break your health**, the type of water necessary to support health & healing, plus how you can access Living Water technology in your home everyday to support the wellbeing of yourself and your loved ones.

Come along and find out the secrets to healing with water...

- **Structured Water & Cellular Health**
